

# Fleet Engineer

Reporting directly to our Head of Engineering and a member of our senior management team you'll be responsible for all engineering activity within the South Division of our business.

You will be managing a multi-million pound budget to deliver engineering excellence with a fleet of over 350 buses and coaches and the leadership of over 160 engineering staff across 4 operational sites.

## Key duties & skills required:

- Possess the right blend of leadership characteristics and excellent technical skills to help take our business to the next level.
- You should be competent in the use of common IT packages, have exceptional levels of verbal and written communication skills, and be able to work under your own initiative and as part of a team.
- You will be proficient with all DVSA requirements and have a proven track record of both technical and people management skills, preferably within the PCV/HGV sectors.
- It is desirable that you hold Management CPC and a NEBOSH certificate and a relevant mechanical/electrical engineering qualification of Level III or above.
- You should have 3 years minimum experience working at a management level within a relevant engineering organisation.

## In return we offer:

- A salary commensurate with the responsibilities
- A performance related bonus scheme
- An attractive pension scheme
- A challenging and rewarding position

## To apply:

Please send your CV together with a covering letter to:

Colin Barnes,  
Head of Engineering,  
Go North East,  
117 Queen Street,  
Gateshead,  
Tyne and Wear,  
NE8 2UA

**Closing date:** Thursday 30 June 2016
